Die Handler feat. TOCHTER - Bye Buy

I saw you and thought to myself "wow"
So good looking, I never took you off again
My girls all said "hey he fits to you!"
Everything was perfect, never wanted to lose you.

Today I never put you on
You're just hanging in the closet
And this for way too long

Bye-bye we have to take action
This cannot go on
Babe, you don't deserve this
"Bye-bye!" I'm putting you now online
On Kleinanzeigen
And only write "so snuggly".

And our environment screams "oh yeah!"
Because we conserve the world a little more
Your new one will celebrate you like never before

You never had knots, always took good care of you
Always washed you delicately, always folded you nicely
I never smoked and never had pets
Come, it's time to let go, so things keep moving

Soon the new one will come over
And your time together will begin
And you'll be back in style

"Buy-buy!" we have to take action
This cannot go on
Babe, you don't deserve this
"Buy-buy" I'm putting you now online
On Kleinanzeigen
And only write "so snuggly".

Every iceberg is cheering
Because you don't have to be produced new
You live on, and we're saving energy

Die Handler feat. Leila Akinyi - Schutzgeld – “Protection Money”

My kids live in a dangerous place
Sirens and blue light
It's not pretty to be honest
This scares me, I just wanted to say it
Action figures that hunt and chase me

Stepping on stones, horses, dinosaurs, could cry my eyes out
Way too many toys, it's better if I run

In the kid's room it's tougher than on the street – yeah yeah
But don't throw the toys away, they are way too good for that
Time to take action, time to take action, let's take action
I'm putting up an ad

Almost like new, this is better for the environment
Buying without producing waste
Let's call it protection money
The ocean is full of plastic
The poor fish
Come let's help some of them
and save money in the meantime

One app and a photo are enough
And I can dare now to go in to my sweetheart's room

In the kid's room it's tougher than on the street – yeah yeah
But don't throw the toys away, they are way too good for that.
Time to take action, time to take action, let's take action
I'm putting up an ad

Die Handler feat. TinTin - Kreislauf der Dinge – “The Cycle of Things”

I'm putting up a small ad
The usual course of things
Because I don't need my blender anymore

Tell me, what do you have in your closet?
A blow-dryer, thank God
See how my hair is longing for it?

Come let's make a deal
With a lot of style
The wallet is laughing so much
And nature stays resilient

Because someone's heart was beating for it
Is reason enough
For us to pass it on
Because someone's heart was beating for it
It would be so good
If we pass it on
So someone can fall in love with it again

Listen to how I'm singing
Of the cycle of things
And the romance that it brings
Let's start taking action!
